Low FODMAP Diet - Alternative 7-Day Plan

JOE LEECH | DIET VS DISEASE

If you would like to resolve your symptoms and reach your health goals as quickly as possible, I invite you to watch this free video training!

Hi, it's Joe Leech here, Dietitian, and I hope you enjoy this plan.

This is a 7-day alternative low FODMAP meal plan for you.

Below you will find an overview of the week's meal plan, followed by the nutrition information for each day, the shopping list of all ingredients, and the complete list of recipes.

Note that most recipes are for one serving. So if you are preparing/cooking for two people, you need to double the recipes and the shopping list.

However, the recipes that repeat at least once through the week will have more servings. This is because you will prepare several servings at once, and then refrigerate or freeze the other servings as leftovers later in the week for yourself.

The meals that are leftovers of a previous meal will appear greyed-out in the meal plan overview (which means you have prepared them earlier already).

PLEASE NOTE that portion size is important and influences FODMAP rating. Do not exceed recommended portion sizes.

Tea & Coffee Guidelines Per Serving:

- Coffee: black & espresso (2 shots) or instant coffee (1 tsp)
- Strong tea: green, peppermint & white (not dairy) (1 mug or 250ml)
- Weak tea: black, chai & dandelion on water (1 mug or 250ml)
- Milk guidelines: Lactose free milk, almond or rice milk
